

ASWIN S P

Aspiring IT Professional | Web Development

Madurai, Tamil Nadu - 625009 | +91 9003390146 | aswinsp.2006@gmail.com

PROFESSIONAL SUMMARY

B.Tech Information Technology student with a strong interest in web development. Passionate about designing and developing responsive, user-friendly web applications using modern technologies. Eager to apply technical skills, continuously learn new frameworks, and contribute to innovative web solutions that support organizational growth.

TECHNICAL SKILLS

- Web Development: HTML5, CSS3, JavaScript
- Frameworks / Libraries: React.js, Bootstrap
- Database: MongoDB
- Design: UI/UX Design (Figma), Wireframing, Prototyping
- Programming: Java

EXPERIENCE

UI/UX Design Intern — lunoware, Madurai

- Gained practical knowledge of UX/UI design principles, user flows, wireframing, and information architecture.
- Designed modern mobile app interfaces in Figma, including an Instagram-inspired UI with interactive prototypes.
- Enhanced design thinking, problem-solving, and collaboration skills through hands-on UI/UX projects.

Technologies: Figma, UI Design, UX Design, Wireframing, Prototyping, User Flow, Information Architecture, Mobile App Design

PROJECTS

Burger House Website

- Developed a responsive burger ordering website independently using HTML, CSS, JavaScript, and Bootstrap, without relying on AI tools.
- Designed a modern, user-friendly interface with an attractive layout for browsing burgers and placing orders.
- Implemented responsive design techniques for seamless performance across desktop and mobile devices.
- Utilized Bootstrap components to improve layout consistency and user experience, focusing on clean code structure and intuitive navigation.

Technologies: HTML, CSS, Bootstrap, JavaScript, GitHub

Real-Time Collaborative Video Viewing System

- Designed and developed a real-time collaborative video viewing system enabling multiple users to watch videos together with synchronized playback.
- Implemented peer-to-peer communication using WebRTC and Peer.js for low-latency connectivity and smooth collaboration.
- Built the user interface using React.js to provide a responsive and user-friendly experience.
- Strengthened skills in real-time web application development, front-end design, and communication technologies.

Technologies: Peer.js, React.js, WebRTC

EDUCATION

Bachelor of Technology in Information Technology

2023 - 2027 (Present)

KLN College of Engineering | CGPA: 8.3

Higher Secondary Education (12th Std.)

2023

Mother Teresa Matriculation Higher Secondary School, Madurai | Score: 83%

Secondary School Education (11th Std.)

2022

Mother Teresa Matriculation Higher Secondary School, Madurai | Score: 78%

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL Elite with Silver Certification — Scored in the 81st percentile under the Top category (April 2026).
- Second Prize, Tech-Code Debugging — CSE Department, KLN College of Engineering (15 October 2025).

ADDITIONAL INFORMATION

Interests: UI/UX Design, AI Tools, Cybersecurity, App Development
